“

We were absolutely amazed by the number of visitors who stopped by our booth at this year's exhibition! The turnout was incredible what an outstanding event!

Bayu Bismantara
Sales Engineering
PT Kyoritsu Electric Indonesia

”

“

The visitors were very enthusiastic and a lot of customers came from various types of industries. By the third day of the exhibition, our forklift products were flying off the shelves, becoming the top sellers, closely followed by our other machines, like measuring devices.

“

This exhibition is truly impressive! The range of machines and manufacturing equipment on display is extensive, making it incredibly valuable for those of us in the manufacturing industry. It offers us the perfect opportunity to explore the latest innovations, and to find cutting-edge machines that we can recommend for our company's next big investment.

PT Indonesia Asahan Aluminium

”

“

This exhibition is an incredible resource for expanding our knowledge, offering insights into the latest technologies. As professionals in manufacturing, it's crucial for us to stay ahead by continually evolving and upgrading our tools. Doing so not only benefits the companies we work for but also drives our business forward by speeding up cycle times and finding more cost-effective machines and equipment.

PT Albea Rigid Packaging Surabaya

”

“

As a purchasing manager, this exhibition is a must-attend event for me every year. It's my go-to place for discovering the latest machines that could benefit my company. The exhibition is fantastic - not only does it broaden my knowledge, but it also provides invaluable updates from vendors that are crucial for our operations.

PT Pakarti Riken Indonesia

”

ONSITE PROGRAMMES & ACTIVITIES

OPENING CEREMONY & PRESS CONFERENCE

The first day of Manufacturing Surabaya 2024 began with an Opening Ceremony and Press Conference. The exhibition was opened with the signing on a piece of batik fabric by the Mayor of Surabaya, Mr. Eri Cahyadi, along with our VIP guests. It was also attended by all our key exhibitors, partners, and media representatives.

The batik fabric, a highlight of our event, symbolizes the rich heritage of Indonesia, promoting the country's cultural legacy. The Press Conference and Opening Ceremony concluded with a media tour led by VIP guests, allowing them and the media to experience the exhibition firsthand, engaging with various displays and innovations showcased.

FORKLIFT HERO COMPETITION

At Manufacturing Surabaya 2024, the Forklift Hero competition featured 25 skilled operators from leading manufacturing companies, highlighting their ability to handle electric vehicle (EV) forklifts with speed, precision, and safety. Participants navigated a challenging course, demonstrating their expertise in stacking and unstacking pallets accurately and efficiently while adhering to stringent safety standards.

This event was part of our broader sustainability program, promoting the adoption of EV forklifts for greener manufacturing practices. By showcasing the efficiency and environmental benefits of EV forklifts, the competition underscored our commitment to reducing the industry's carbon footprint and advancing sustainable technology.

Additionally, this program is part of our support to empower forklift operators, providing them with the opportunity to showcase their skills and gain recognition for their essential roles in manufacturing. The competition highlighted the crucial role of skilled operators and reinforced our commitment to fostering their growth and development within the industry.

konsultasi GRATIS bersama Kaizen Coach di Pameran
Manufacturing Surabaya 2024!

KAIZEN CLINIC is designed to provide a platform to demonstrate the principles of Kaizen, emphasizing continuous improvement in manufacturing processes within the manufacturing industry. Through scheduled one-on-one consultation sessions, the Kaizen Clinic offers industry players a range of support, from technical solutions to insights for organizational improvement and development, covering areas such as Health, Safety, and Environment (HSE), operational excellence, and digital transformation.

This program also supports the empowerment of manufacturing players by providing them with the tools and knowledge necessary to enhance their operations. By fostering a culture of continuous improvement, the Kaizen Clinic helps industry participants to stay competitive and innovative. The initiative aims to build a resilient manufacturing sector that can adapt to evolving challenges and opportunities, ultimately contributing to the overall growth and sustainability of the industry.

ATMI ALUMNI DAY

MANUFACTURING SURABAYA
A PAMERINDO INDONESIA TRADE EVENT

POLITEKNIK ATMI SURAKARTA

ATMI ALUMNI DAY

Acara kumpul alumni Politeknik ATMI di pameran Manufacturing Surabaya 2024!

Kamis, 18 Juli 2024
Pukul 10.00 - 17.00 WIB
Diamond Room - Grand City

ATMI Alumni Day is an event for all alumni of Politeknik ATMI Surakarta to gather and network during the Manufacturing Surabaya exhibition.

In addition to the Alumni Day, we have introduced the NEXT GEN Talent Development Program, a forward-thinking initiative designed to empower the next generation of leaders in the manufacturing sector. In collaboration with Politeknik ATMI, this program offers a comprehensive student fund Corporate Social Responsibility (CSR) component, aiming to support talented students in their educational and professional journeys. This initiative is a crucial part of our sustainability program, focused on fostering human capital and driving sustainable development. By investing in the education and development of future industry leaders, we are ensuring the continued growth and innovation of the manufacturing sector.

“WALK THE MANUFACTURING” STUDENTS TOUR

Walk The Manufacturing was an activity attended by students from Institut Teknologi Sepuluh Nopember and Universitas PGRI Adi Buana Surabaya. They were engaged in a journey of direct interaction with equipment, machinery, and technology used as part of the manufacturing industry.

This program is also part of our "Connect the Disconnected" initiative, which aims to remove barriers for the next generation of manufacturing players. By providing students with the opportunity to see the latest technology and receive updates about the industry, we help bridge the gap between education and the professional world. This initiative ensures that future industry leaders are well-informed and prepared to contribute to the evolution of the manufacturing sector.

SUSTAINABILITY ZONE

Innovate, Create, Sustain : Leading the Way in Eco-Friendly Manufacturing

We collaborated with PUREVE to set up a water stations, offering free refills. Encouraging our visitors to bring their own tumblers to the show, we'll quench your thirst with refreshing refills at our water station – all for free.

By integrating these sustainable practices into our event, we are also promoting a broader culture of sustainability, responsible consumption, and environmental awareness. Such initiatives play a crucial role in fostering a more sustainable and equitable future.
